Synthesia Short Code

play some of your favorite songs in the online mode and try using the effects. the piano sound may not be as good as the high end instruments you'd find on your computer, but it might be good enough for some of your favorite music. the more instruments and effects the better, of course, but it depends on what type of music you play. mixing a piano and a guitar, for example, could create a dissonance if you aren't careful. having a keypad is like having a rudder wheel on a boat. if you have one you're taking direction from the boat. if you don't, or if it's broken you're probably going to fuck up and go the wrong direction. better than no rudder wheel at all, but not as good as a good one with feedback. music store credit: your unlock'short code' can be used in the promo code box at the for a \$3 credit. that's enough for one or two of your favorite songs! what will my purchase get me. if you buy from the website: the key will work for installs on the pc, mac, and android devices. if you buy on an ipad: unlocked for all ipad's connected to the same itunes account. if you buy on an iphone: unlocked for all iphone's connected to the same itunes account. (bonus: discount for website) try it free choose any song in synthesia's list with an open padlock icon to try everything totally free, right now. sheet music's very helpful for learning the scale, but they're not worth a whole lot otherwise. but if you can learn the notes of the piece on sheet music it will be much easier for you to relate to the music you're learning. once you're off and running, you'll find you can even play tunes you've only heard over the phone. it's a great way to broaden your musical horizons.
